Ms. Gale Powers  
Director of Venue Experience & Guest Services  
125 S. Avondale Blvd. Suite 200  
Avondale, AZ 85323

Dear Ms. Powers

Walter Clyne and I have worked together for over 20 years. We have been associates at the same company and have also been co-vendors on many large special event projects across the country. We have worked on multiple Super Bowls, Us Open Golf, PGA Championships and the Ryder Cup just to name a few.

I have been in the event rental business for over 30 years working in all aspects of sales and operations. My last job was with Classic Tents, where I was responsible for all of the national golf business as VP of special projects. I am now working as a consultant for onsite operations for the United States Golf Association. I just wanted to give you a little background before I spoke about Walter.

In our business, I think that there are a few key words/phrases that describe the best of the best.

- Sense of urgency
- Team Player
- Flexibility and Adaptability
- Solution oriented

These are the qualities that Walter brings to each and every project that he is involved in. His reputation in the industry is stellar and you will soon find he is a member of your team from the beginning of the project until the last the last truck leaves.

Please feel free to contact me if you have any questions

Sincerely

Cathy Montez
