**Subject:** reference

To whom it may concern,

I have worked with Walter Clyne over many years and on many projects, Walter has always produced great work and has been the model of consistency.

Most recently Walter produced a large show for us in Austin TX, where our client requested a level floor with a grade of 0ft – 6ft, using scaffold, beams and plywood finish Walter produce a perfect floor ahead of schedule. Walter has produced many other similar projects for us and all with the same results, I highly recommend Walter if you are considering him for any of your projects.

Please do not hesitate me for any further information about Walter Clyne.

Richard Martin
