To whom it may concern:

Walt Clyne has been doing business with FCE for almost 10 years. He has never been late, or come up short on any job site. At all times he has represented himself professionally and has always been a pleasure to work with. The flooring product he produces is always top notch and exceeds all of our expectations. When challenges arise on jobsites, Walt is the guy with a solution.

I do not usually recommend persons or companies as we like to keep our sub contractors a secret from our competitors, but Walt is the exception as his loyalty and integrity are second to none.

Please feel free to contact me at any time for any additional information regarding Walt.

Best regards,

Rudy Lekar
